

Remember to look through the entire Plan Document for the most up to date information. Plan amendments will be added to the very end of the current document.

A great feature to use in PDF is to hit CTRL+F which will pop up a "Find" window. Put in the benefit you are seeking out & this function will take you automatically there.

The best way to confirm benefits is to contact the customer service phone #s featured on the back of your ID card. This will provide you with the most updated information along with a record of the information provided.

If you have any other questions please contact MMIA at 1-800-635-3089.
