The MMIA Employee Benefits Program is not an insurance company. We are a self-funded benefit pool made up of the municipal employees of 85 Montana cities and towns. At MMIA, we work to provide quality health and wellbeing resources to participants.

With these services, you have access to high-quality care to improve and maintain your health and save your hard-earned money. MMIA offers these services at low- or no- cost to you because they also help control costs for the whole pool which helps keep your rates stable.

We strive to provide services that are:

- Convenient – Medical care, case management, prescriptions, information, and more are only a click or a call away!
- Confidential – All of our vendors adhere to the strictest HIPAA regulations. Your information will never be shared with your employer.
- Low-cost to no-cost – These resources help you save valuable money and time.
